

OAKLEY GENERATING STATION PRESIDING MEMBER'S PROPOSED DECISION

Consideration and possible adoption of the Committee's Presiding Member's Proposed Decision on the OAKLEY GENERATING STATION PROJECT (Docket No. 09-AFC-4), and Errata. The Committee issued its Presiding Member's Proposed Decision (PMPD) on April 12, 2011.

The proposed OAKLEY GENERATING STATION is a natural gas-fired, combined-cycle facility with a nominal generating capacity of 624 megawatts (MW) located in Contra Costa County.

The PMPD contains the Committee's rationale in determining that the proposed project will, as mitigated, have no significant impacts on the environment and will comply with all applicable laws, ordinances, regulations, and standards (LORS).
